## New Hampshire Seasons

How does the saying go? "If you don't like the weather... wait 10 minutes it will change". The Granite State is known for it's highly changable climate where the weather can be warm and sunny one minute and cold and snowy the next.

In New England we value our 4 distinct seasons. They allow us to enjoy each one while they last and move on to the next just when when we are getting too comfortable. We are also very fortunate to enjoy these season in a small sector of the world were mountain, lake, sea, and woodlands are plenty.

## Spring Fishing

Spring arrives mid March and with it the most unpredictable weather patterns of the year. Its been know to snow well into April when the flowers are just starting to bloom. This is the season of Maple Syrup and many towns host festivals. And you must not forget to dust off your fishing pole this time of year.

## NH Maple Producers

## NH Summer Vacation

The Summer season lasts from mid-June to the start of September and with it brings sunny days and cool clear nights. New Hampshire comes alive in the summer. Boating, hiking, swimming, shopping, eating, playing, dancing, you name it, New Hampshire meets the needs of the adventurer in you.

## New England Fall Foliage Season

Lasting from September until late October is the fall season and the most brillant fall foilage found anywhere. You won't want to miss a brisk afternoon of apple picking and leaf peaping. Take a ride and find a covered bridge, just one of many

hidden treasures the state has to offer.

## Winter Activities in NH

Winter begins in late October with the first dusting of snow and continues through March. Refuse to take time off from fishing, no need, ice-fishing is one of New Hampshire's most popular sports. Downhill and cross-county skiing are also excellent during this long winter season. While you are here check out a dog-sled race too.
